About us

Saba Capital Contracting Enterprises (SCCE) is a Saudi-owned, future-driven company specializing in general contracting, project management, engineering, and real estate development. Headquartered in Riyadh, SCCE was established to contribute meaningfully to the Kingdom's transformation journey under Vision 2030, by delivering world-class infrastructure, innovative construction solutions, and sustainable urban development. Our foundation is built on a collective expertise spanning over 75 years, brought together by a diverse leadership team with proven track records in engineering, construction, business development, project financing, and multinational collaboration. From concept design to project handover, SCCE offers a full spectrum of services tailored to meet the complex demands of both public and private sector developments – including high-rise buildings, hospitality projects, residential communities, and commercial centers.

MISSION

Our mission is to deliver exceptional construction and engineering solutions that exceed client expectations. We are committed to upholding the highest standards of integrity, quality, and sustainability in every project. By fostering innovation and leveraging our expertise, we aim to create enduring value for all stakeholders and contribute to the development of transformative infrastructure. We strive to build strong, long-term partnerships based on transparency, mutual respect, and shared goals. Our client-centric approach ensures that every project is tailored to the unique needs of our partners, enabling us to deliver not just structures—but solutions that empower communities and elevate standards of living. Driven by a culture of excellence and continuous improvement, we invest in cutting-edge technologies, local talent, and global best practices.

VISION

At Saba Capital Contracting Enterprises (SCCE), our vision is to redefine Saudi Arabia's development landscape by becoming a leading force in delivering integrated, innovative, and high-impact construction and real estate projects. We aspire to contribute meaningfully to Saudi Vision 2030 through world-class project development, sustainable urban transformation, and a commitment to engineering excellence. With a deep respect for cultural heritage and modern design, we aim to inspire future generations with landmark developments that reflect the spirit and ambition of the Kingdom.

Our strategic objective is to position SCCE as a trusted partner for global investors and industry stakeholders. By leveraging advanced technologies, international best practices, and a highly experienced leadership team, SCCE will lead the way in transforming vision into reality—empowering economic growth, creating long-term value, and setting new standards in construction, project financing, and integrated development.
